

# National Day of Action to

# END WAGE THEFT

## Thursday

## NOV. 19

Wage Theft is a national epidemic where workers are systematically cheated out of their hard earned pay. Whether that be by failure to pay wages, paying sub-minimum wages, no overtime pay, skimming hours or any of the numerous ways unscrupulous employers rob from working families. This adds up to an estimated \$51 of stolen wages for every \$350 earned a week for each low-wage worker in America!

Join the Cincinnati Interfaith Workers Center in bringing an end to wage theft in Cincinnati. Stand in support of the Wage Theft Prevention Act introduced by Rep. Miller (D-CA).

**Come join workers from across the city in a day of public outreach and education to draw attention to wage theft in our communities. Help connect workers with resources to end the robbery of working families!**
